### FABRIC MAINTENANCE

#### EASY TO CLEAN

The better you take care of the fabric, the longer you can enjoy it.

#### Our basic tips:

- Eliminate dirt regularly by gently brushing or vacuuming the fabric.
- Wash regularly with water applied at an intermediate pressure.
- From time to time, use a solution of water (at a temperature of no more than 30° C) and neutral soap.
- Do not apply heat sources. Do not use hot water or high-pressure cleaning agents
- Apply to the fabric and then rinse off with abundant water.
- Let the fabric dry completely outdoors.
- Do not use solvents or abrasive detergents.
